OpenShift Cartridge Development Kit

NOW BUILDING: Nexus (nexus), 0.0.1

View cartridge manifest for **master** (http://nexuscartridge-openshiftci.rhcloud.com/manifest/4c6b18a27d1f8f1200411c8c0ada72f000c2ae31)

Deploy now with:

```
rhc create-app mynewcart http://nexuscartridge-openshiftci.rhcloud.com/manifest/4c6b18a27d1f8f1200411c8c0ada72f000c2ae31
```

The cartridge on this branch does not have a build script at `.openshift/action_hooks/build`

Source Versions

Click any branch name to switch to that branch, or copy the manifest link to paste to OpenShift.

Branch	Manifest	Author	Date	Subject
master <- (http://nexuscartridge-openshiftci.rhcloud.com/?from=master)	4c6b18a (http://nexuscartridge-openshiftci.rhcloud.com/manifest/4c6b18a27d1f8f1200411c8c0ada72f000c2ae31)	Andrew Block	6 months ago	Integrated OpenShift CDK

b0621aa (http://nexuscartridge-openshiftci.rhcloud.com/manifest/b0621aadec2fa23a256b6882f68d5c589d09b8a9)	Andrew Block	6 months ago	Initial Commit

You can deploy any version of your cartridge by adding a Git commit SHA1, branch, or tag to the path.

```
rhc create-app mynewcart http://nexuscartridge-openshiftci.rhcloud.com/manifest/:commit_or_tag_or_branch
```

Try it now:

| Commit SHA1, tag, or branch | Get Manifest |

Visit OpenShift Origin on GitHub (https://openshift.github.io) or view the source of the Cartridge Development Kit (https://github.com/smarterclayton/openshift-cdk-cart)
